AML Bitcoin Token Sale Update

Hello,

We are happy to announce that we have completed the migration of user accounts and balances to <https://tokensale.amltoken.com>. All users are now on the same platform. If you need technical assistance regarding this, please email support@amlbitcoin.com and our support team can help. With this new platform, there is a streamlined checkout system. You can make deposits from Bitcoin, Litecoin, Ethereum, Bitcoin Cash, also generate an invoice to make a USD bank wire, if you don't want to spend your cryptocurrency.

We also want to remind you of three important items:

1. Please set **2FA Authentication** on your account for security purposes. Please see [this document](#) or [this video](#) for instructions. Your 2FA Authentication must be setup to receive your tokens.
2. In your account, please set your **AML Token Wallet Address**, which will be the destination that your tokens are sent to later. Please see [this document](#) or [this video](#) for instructions. If you haven't installed the AML Token Wallet or have your wallet address, please [watch this video for MAC](#) or [watch this video for Windows](#) for instructions. If you're using a MAC and your operating system version is not 10.12 macOS Sierra to 10.13 macOS High Sierra, [please see this instructional video](#) to update your system.
3. Please note that there is an affiliate link in your account dashboard if you like our token sale and would like to help us

get the word out and earn AML Tokens.

We have been collating some of the best videos from our online community who have reviewed what we are doing, and these are now available on [this Youtube playlist](#). The playlist includes videos in English, German, Russian and Arabic.

We are also continuing to share AML Bitcoin news and updates on our [Twitter](#) and [Facebook](#) pages. Due to popular request, we now have a [Telegram group](#) which has AML Bitcoin team members on hand to answer any questions you may have about the platform or token sale.
